

Press Release

Corinthia Leads Refinancing of Latour Capital-backed Hygie31

Paris, May 14, 2025 – Corinthia Global Management, a leading private credit platform, today announced its role as lead lender in supporting Latour Capital's refinancing of Hygie31, the leading provider of services to the health and wellness ecosystem of pharmacies, optic centres, and medical equipment stores in France. This refinancing, which closed on Monday, marks a significant milestone in Hygie31's continued expansion and reinforces its position as a key player in the French and European healthcare sector, notably through the increase of available financing to fund growth.

Corinthia's exposure will be held across several Corinthia-managed vehicles and is part of a broader financing package that will support Hygie31's ongoing growth.

This latest deal aligns with Corinthia's strategy to focus on opportunities in the core-middle market (companies with EBITDAs between \$10-100mn). This is an area in which the team has built deep relationships, based on trust and reliability, with the private equity community over many years.

Alice Foucault, Managing Director, European Investments at Corinthia Global Management, said: "We are delighted to partner once again with the outstanding management team at Hygie31 with the support of Latour Capital. Our long-standing relationship, built on trust and deliverability over the years, has enabled us to support the company to great success. This new financing will contribute to help Hygie31 pursue its mission of making healthcare accessible to as many people as possible and to consolidate its role as a European leader in the sector."

- END -
