

Corinthia supports CurTec's acquisition by Ampersand Capital Partners

Press release: London, UK – July 22, 2025 – Corinthia Global Management ("Corinthia") announces its role as lead lender on debt facilities to support Ampersand Capital Partners' ("Ampersand") acquisition of CurTec, a Netherlands-based manufacturer of high-performance packaging for the pharmaceutical, specialty chemicals, and food ingredients industries.

The financing provided by Corinthia will support CurTec's continued growth and international expansion. The company is known for its focus on product quality, regulatory compliance, and sustainability, serving customers in highly regulated end-markets.

This recent transaction is consistent with Corinthia's strategic emphasis on targeting opportunities within the core middle market, specifically companies with EBITDAs ranging from US\$10 million to US\$100 million. Over the years, the team has established strong and trustworthy relationships with the private equity and advisor community in the European and US middle market.

Benjamin Gillet, Managing Director, European Investments at Corinthia Global Management, commented:

"We are pleased to support Ampersand in the acquisition of CurTec. CurTec is a well-established business with a clear position in regulated packaging and a strong reputation in its field. We see meaningful potential in the company's growth plans and value Ampersand's disciplined, sector-focused investment approach. This is a good fit with our strategy of providing capital to support long-term value creation."

The Corinthia deal team included Christel Huguet, Philip Ashley and Benjamin Gillet.
