

Corinthia Leads Refinancing of Tjoapack

London, UK – February 12, 2026 - Corinthia Global Management ("Corinthia") announces that it has led the refinancing of Tjoapack, a Dutch pharmaceutical contract packaging organisation serving a global customer base from its facilities in the Netherlands and the US.

Tjoapack will use the refinancing provided by Corinthia to support its next phase of growth. This includes expanding its US facilities and continuing to invest in infrastructure and technology at its Dutch facilities.

This recent transaction is consistent with Corinthia's strategic emphasis on targeting opportunities within the core middle market, specifically companies with EBITDAs ranging from US\$10 million to US\$100 million. Over the years, the team has established strong and trustworthy relationships with the private equity and advisor community in the European and US middle market.

Philip Ashley, Director, European Investments at Corinthia Global Management, commented:

"We are pleased to support the refinancing of Tjoapack. With more than 35 years of experience, Tjoapack has built a strong reputation, clear market positioning and a loyal customer base in a highly regulated sector. The company has already achieved meaningful growth in the US, and we look forward to continuing to support its international expansion. This financing aligns with Corinthia's strategy of backing resilient, core middle-market businesses."

The Corinthia deal team included Pedro Lain, Christel Huguet, Philip Ashley and Benjamin Gillet.
